

# AI Platform Privacy Statement

V1.0.0, June 9, 2025

## OVERVIEW AND DOCUMENT SCOPE

The AI Platform is a monitoring portal for Poseidon Systems, LLC's (Our Company) sensor suite, along with optional operational data, third party sensors, and analytical sample reports. It provides a unified interface to store and display data related to asset health, provides a platform to manage alarms and analytics, and can generate summary reports for assets under monitoring.

This document is a Privacy Statement outlining the collection and handling of your personal data as a user of AI Platform.

Note this document does not cover sensor data. Handling of sensor data is covered in AI Platform Terms of Service.

## **WHAT DO WE COLLECT?**

Our Company collects the following data:

1. Your first name and last name. Required for access to AI Platform. Provided by you during the subscription process.
2. Your email address. Required for logging into AI Platform and if you decide to receive optional notifications. Provided by you during the subscription process.
3. Essential cookies information. Required for securely accessing AI Platform. Generated automatically when using AI Platform.

## **HOW DO WE COLLECT YOUR DATA?**

You directly provided most of the data Our Company collects. We collect and process your data when you:
